Zeppelin Near Chicago After Flight Over Texas Panhandle

HOME TOWN STUFF

Well, the Graf Zeppelin didn't pass by the way of Vernon last night, as everybody in town had been hoping. The writer of this column had made arrangements to be called in case the ship appeared at any time during the night, but no call came. The airship crossed Texas along about Memphis. This probably can be explained by the fact that the crossing was made after dark. If the commander, Dr. Eckener, had been able to see where he was going, he certainly would have come by Vernon. He is a smart man.

A business man told about seeing something unusual in Vernon yesterday. He said he was walking down Main Street and as he passed in front of one of our stores he observed several men seated on the edge of the sidewalk and using the walls of the building as a proper for their backs. In front of them was a rather large splash of tobacco juice decorating the sidewalk. About the same time Chief of Police Key came along and noticed the decoration. He inquired among the men as to which of them was guilty. One admitted that he had been using the sidewalk as a cuspidor. So the chief told the man to come with him to the City Hall.

Whether he paid a fine or not is not known to H. T., because he is not a regular reporter and hates like fury to get information when it involves several blocks of walking in the heat of these summer days. But that is not so important. The fact that a man was arrested for the offense mentioned is of sufficient importance to warrant its celebration. This column is glad to give publicity and help out that much. More power to Chief Key in his efforts to make Vernon a clean and safe and attractive city.

And while we are on this subject, it might not be amiss to point out that the traffic officers are more active now than they have been in the past. Traffic laws are devised to protect life and property and it is much better to enforce the code and stop violations before accidents happen than it is to punish offenders afterwards. It is.

Bernard Bryant, Governor of the Forty-First district, Rotary International, is here again today after visiting in Burkburnett last night. He visited with the local Rotary Club yesterday. He will go to Crowell this afternoon to visit with the Crowell Club tonight. He visited around town this morning and took a short drive out through the residence district. He says he believes Vernon is about the prettiest town of anything like its size in West Texas. Mr. Bryant lives at Stamford and when a Stamford man brags on a town it is worth mentioning, because Stamford is a splendid town and Stamford people believe in their own town, and don't mind admitting that it is one of the best and most attractive cities in West Texas, which means all Texas, because it is pretty generally conceded out this way that West Texas is far ahead of other sections of our great commonwealth.

Not a single card has been received from Vernon people away on vacation for the past few days. The situation is improving, no doubt, because most of the vacationers are getting home. The heat won't be so depressing now except that those of us who had to stay at home don't care to have the more fortunate ones complaining about the heat and saying how cool it was in Colorado or California.

Two Drunk Fines Paid.
Two Vernon men were fined \$15 each in City Court yesterday afternoon when they pleaded guilty to charges of drunkenness. They were arrested in Vernon Monday afternoon.

BIG AIR LINER ALTERS COURSE, MISSES VERNON

Local People Who Hoped To See Big Airship Disappointed When Commander Departs From All Announced Routes To Fly West of Here.

Vernon people retired to their beds last night hoping that they might be awakened with the announcement that the Graf Zeppelin, giant dirigible now nearing completion of a flight around the world, was flying over the city. Night watchmen, policemen and other all-night workers had been requested to sound an alarm and spread the news to the sleeping city in the event the ship should pass this way, as would have been the case if the Zeppelin had followed its announced course of flying direct from Midland, Texas, to Oklahoma City.

But the announcement didn't come. The course of the Graf was suddenly changed and without notice to West Texans who were eagerly following the flight of the ship over radios and telephone wires. The giant dirigible shifted to a northeasterly course after passing Van Horn and struck out across the lower Plains section of Texas, crossing the Fort Worth & Denver railway at Memphis, about ninety miles northwest of Vernon.

Northwest Texas towns which reported seeing the Zeppelin last night and early this morning included Abilene, Lockney, Turkey, Memphis and Wellington. The ship then crossed into Oklahoma, after having given Texas people but scant opportunity to see her as she floated across the continent in the flight from Los Angeles, Calif., to Lakehurst, N. J., on the final lap of the round-the-world tour.

The Graf was late in reaching El Paso, and after leaving the border (Continued on page 2)

Burglars Leave Negotiable Paper in Looting Store

San Antonio, Aug. 28.—(A-P)—Realizing the negotiable paper could not benefit them without causing their downfall, safe crackers who took between \$30,000 and \$40,000 in notes from the B. Holekamp & Son store at Comfort, near here, last night, discarded the loot.

The notes were found behind the safe, which had been blown open with nitroglycerin without awakening a single person in the little mountain town.

The job was not discovered until clerks opened the store this morning. Finger print experts and San Antonio detectives who went to the scene of the robbery could not find any clues.

FLYERS CONTINUE FLIGHT IN QUEST OF NEW MARK

Syracuse, N. Y., Aug. 28.—(A-P)—With continued fair weather the Empire State Standard circled over the New York state fair grounds here today piling up additional hours in the pursuit of a new endurance refueling record.

FIRST BALE IS GINNED AT ODELL BY CHESTER GREEN

Chester Green, Odell farmer, brought in the first bale of 1929 cotton to be ginned at Odell yesterday morning, and was awarded a cash premium of \$35. Citizens of the town made up the purse. The cotton was ginned by S. B. Starr, and weighed 417 pounds. L. R. Chaffin, Odell grocer, purchased the bale, which brought 18 cents per pound.

CORPUS CHRISTI TO BE SULPHUR LOADING POINT

New York, Aug. 28.—(A-P)—Corpus Christi, Texas, will construct at a cost of \$300,000, a sulphur loading terminal for the Duval Texas Sulphur Company, a subsidiary of the United Gas Company. The new dock will have a loading capacity of 1,600 tons a day.

DEMOCRATS TO DECIDE PARTY ATTITUDE ON TARIFF

Washington, Aug. 28.—(A-P)—Democrats of the Senate finance committee marked time today in their study of the tariff bill while its Republican framers made ready to put their case before the public. First in the form of the text of the measure itself and then, tomorrow or Friday, with the majority report they are preparing to present next Wednesday to the Senate.

After two meetings this week the minority group of committee members decided to wait until tomorrow to continue their deliberations. They have, thus far, considered only a few amendments, but experts they have employed to assist in the study will be ready to report tomorrow and they are expected to make more progress in that direction thereafter.

The question whether a minority report on the bill will be presented to the Senate remains to be decided. The decision has been deferred, Senator Simmons of North Carolina, ranking Democrat on the committee, explained, to give the minority group an opportunity first to examine the majority report.

The preliminary Democratic attack on the measure, meanwhile, is continuing. Representative Mary T. Norton of New Jersey, in a statement issued by the Democratic national committee emphasizing the women's interests, contends it "strikes viciously" at her household and personal expenditures and would have a particularly adverse effect on 8,500,000 feminine wage earners.

FIRE DAMAGES TANK STEAMER

BLAZE ON BOARD SHIP IS BROUGHT UNDER CONTROL

New York, Aug. 28.—(A-P)—Fire which broke out in the fire room of the tanker Paulsboro last night was under control today, and the American tanker Beaconhill was standing by, according to the Vacuum Oil Company.

With a cargo of 10,000 tons of crude oil, the Paulsboro was bound from Houston, Texas, to Bayonne, N. J. Her commander is John T. Pearson of New York, and she has a crew of 33 men.

Details as to the extent of the damage or the cause of the fire had not been received by the oil company, owners of the Paulsboro. The Paulsboro sent out SOS signals shortly after 11 o'clock last night. The call was picked up by station WOE of the Radio Marine Corporation of America, which later reported the call had been heard by the steamer American Press. Later the Paulsboro reported her location as 292 miles west-northwest of the Tortugas and that she was afloat. The tanker is a vessel of 4,171 net tons, 435 feet long, 56 feet beam and 33 feet draft, and normally carries a crew of 30. She was built in San Francisco in 1916, and her home port is New York.

TYLER COUNTY YOUTH IS HELD IN SLAYING CASE

Woodville, Aug. 28.—(A-P)—Jud Peck, 19-year-old Tyler County youth, faces charges of murder in connection with the death of Miss Emma Womack, 35, whom he is accused of having beaten to death. Miss Womack's body was found in a swamp near here Monday, and Peck was arrested after his mother told authorities he had admitted to her that he had had an argument with Miss Womack August 16 while acting as her escort.

MEXICAN PRESIDENTIAL HOPES WAGING CAMPAIGNS

Mexico City, Aug. 28.—(A-P)—The two principal nominees for the presidency, Pascual Ortiz Rubio, standard bearer of the National revolutionary party, and Jose Vasconcelos, anti-reactionist party choice, will wind up their campaign tours in northern Mexico late in September and return to Mexico City, it has been announced at the National headquarters of the two parties. They will spend most of the time thereafter, until the date of the elections, Nov. 17, in this city.

GERMANY WILL REJECT PLAN OF OTHER POWERS

Foreign Minister Stresemann Issues Statement Declaring Accession to Demands of Great Britain Cannot Be Approved by His Government.

The Hague, Aug. 28.—(A-P)—Dr. Gustav Stresemann, German Foreign Minister, told the five creditor powers today Germany could not make the sacrifice demanded of her in the agreement on the Young plan reached last night.

The Foreign Minister announced the German position at a meeting this morning to consider the agreement reached last night giving Great Britain between 70 and 80 per cent of the demands set forth by Philip Snowden, British Chancellor of the Exchequer.

This agreement was tentative, Germany's acquiescence being necessary since it involved Germany's surrender of its share in the surplus of the Dawes plan payments between April and September of this year over payments called for in the Young plan. The chief of the Reich's delegation said the Germans in Paris had gone to the limit of their country's possibilities when they accepted the schedule of annuities under the Young plan. They were now asked to make another sacrifice in order to facilitate an accord among the creditors as to the distribution of reparations money which after all does not concern the German government.

In the face of this new check to the progress of the conference and what promised a complete agreement by compromise, it was decided the German and creditor experts go over the figures submitted by Dr. Stresemann. Meanwhile the delegates took a recess.

Paris Is Jubilant

Paris, Aug. 28.—(A-P)—News from the Hague reparations conference that the creditor powers had reached an agreement on division of the Young plan annuities caused jubilation today in diplomatic and official circles as well as the public generally in Paris.

Snowden Is Praised

London, Aug. 28.—(A-P)—The agreement reached yesterday at the Hague conference on reparations is welcomed joyfully in Great Britain. The feeling of gratification is reflected in the afternoon press in which "Snowden's winning smile" is reproduced in pictures and the "big victory for Britain," which is credited to the chancellor of the exchequer heartily acclaimed.

CENTRALIZED PEN FAVORED

PLANS FOR SINGLE PRISON UNIT TAKING SHAPE IN TEXANS MINDS

Chicago, Ill., Aug. 28.—(A-P)—Plans for a single penitentiary large enough to house all prisoners now scattered through Texas' decentralized system has grown in the minds of members of the Texas prison centralization committee as they have inspected the finest penal systems in the south, east and north.

W. A. Paddock, chairman of the Texas Commission, declared yesterday, after visiting the new Illinois penitentiary at Joliet, Ill., that decentralization has been the cause of inefficiency in the Texas penal system. The Commission, he said, had collected sufficient data for a complete revision of the Texas system on modern lines.

MEXICAN MILITARY CHIEF PLANS EUROPEAN VACATION

Mexico City, Aug. 28.—(A-P)—General Juan Almazan, chief of military operations in Nuevo Leon, has terminated a visit of several weeks in the capital and gone to Monterey where he will remain until early in September, when he will go to New York to embark on the Ile de France for Europe Sept. 6. General Almazan plans to stay three months in Europe resting and recuperating from an illness.

RESUME WORK ON VERNON STORAGE TANK

With the arrival of special engineers of the Des Moines Steel Corporation of Dallas, work was resumed on Vernon's new 500,000 gallon water storage tank this morning. All of the material arrived last week and the engineers state that the erection of steel will begin early next week. The steel and concrete foundation was completed two weeks ago and since that time no work has been done on the building site.

A. W. Bock and Dub Wright, representing the Des Moines Company, arrived yesterday afternoon and the work of setting blocks, arranging engines, and placing material started this morning. Six other Des Moines engineers will arrive early next week when actual erection of the steel beams starts. Mr. Bock stated this morning that at least ten weeks time would be required to complete the structure.

The new reservoir, which is located on the old J. D. Hagler homestead in Southwest Vernon, twelve blocks south and four blocks west of the courthouse, will be 152 feet from the foundation to the top. The reservoir itself will be 25 feet high. A pressure of approximately 60 pounds will be available, according to City Engineer H. L. Coleman. The capacity will be more than eight times that of the old reservoir at Deaf Smith and Yamparika Streets. The approximate cost of the new tank is \$400,000.

With the completion of the storage tank, officials believe that Vernon's (Continued on page 2)

BOLTERS SEEK PARTY STATUS

WICHITA HOOVERCRATS TO ASK OPINION OF STATE COMMITTEE HEAD

Wichita Falls, Aug. 28.—(A-P)—An opinion from D. W. Wilcox of Georgetown, chairman of the State Democratic executive committee, as to the status of Wichita County "bolters" probably will be sought.

Meeting here yesterday, the bolters, whose expulsion from the party led to litigation now pending before the State Supreme Court, sought to learn from Judge Edgar Scully, county Democratic chairman, information as to how they stand within the organization. They took this step, they said, in preparation for the forthcoming campaign, in which they expect to place candidates.

Judge Scully reassured that the party cannot bar anyone who signs the pledge to support the ticket, but declared that if the pledge is unsigned, the party cannot receive the candidates.

TROPICAL STORM REPORTED SWEEPING TOWARD FLORIDA

New Orleans, Aug. 28.—(A-P)—The New Orleans Weather Bureau reported a tropical disturbance of slight intensity passing over Key West, Fla., this morning and due to move into the South Atlantic Ocean during the day.

Reports to the Bureau said Key West had a wind of 20 miles an hour from the southwest at 7 a. m., today with a barometer reading of 29.85. The wind velocity during most of last night was 25 miles an hour.

Reports from the Washington Weather Bureau stated a disturbance of slight intensity was moving southeastward over the southwest Florida coast and it probably would increase in intensity and cause fresh to strong shifting winds near the center of the South Atlantic coast during today.

ITALY TO TAKE PART IN SCHNEIDER CUP RACE

Rome, Aug. 28.—(A-P)—Italy, after having requested postponement of the Schneider cup races in England Sept. 7 because of the death of one of her best competing pilots, will definitely take part in the blue ribbon air race on the date scheduled, Undersecretary of Aviation Balbo announced today.

200 BAPTISTS AT CONVENTION IN OKLAHOMA

Dr. Lyon of Vernon Church Re-elected Chairman-Moderator at Business Session—Roscoe Rainwater Is Made Treasurer, McNair Clerk.

An address by Dr. L. E. Finney of Waco and a sermon by Rev. Frank McNair, pastor of the Lockett Baptist Church, featured the morning session of the Wilbarger-Board Baptist Association, which is in session at the Oklahoma Baptist Church. More than 200 delegates from eighteen churches in the association had registered this morning for the convention, which opened yesterday and will be concluded tomorrow.

Introduced by Dr. E. F. Lyon, pastor of the First Baptist Church, Vernon, Dr. Finney delivered a brief but stirring address relating to education. Dr. Finney is one of the public relations directors for Baylor University. Dr. Lyon read a list of educational notes dealing with the university and other organizations. Rev. McNair delivered a sermon on missions, dealing with missionaries at home and abroad. This afternoon's program was to have been devoted to special addresses concerning missionary work. Rev. W. W. Smith, pastor of the Cowell Baptist Church, was to speak on home missions. State missions was the subject of Rev. J. D. Vaughn, pastor of the Odell Baptist Church. Rev. W. A. Reed of Oklahoma was the subject of foreign missions. Rev. W. W. Adams will deliver a sermon tonight on law enforcement, according to the scheduled program.

Several Vernon people were in attendance at the meeting today, representing the First Baptist Church. Yesterday, the opening day, was devoted to the reading of reports from the various churches of the association. Rev. Pendleton, pastor of the Prairie View Baptist Church, preached last night. A business session for the purpose of electing officers for the coming year resulted in the reelection of Dr. E. F. Lyon as chairman-moderator, Rev. McNair as treasurer, and Roscoe Rainwater of Vernon was elected treasurer for the next quarter.

American With Claims Against Cuba Is Jailed

Havana, Aug. 28.—(A-P)—Joseph E. Barlow, American resident of Havana, who has claims totaling \$9,000,000 against the Cuban Government, was lodged today in a cell in Principe fortress, charges against him still to be made known.

Two operatives of judicial police headquarters took him into custody before 5 p. m., yesterday. After being questioned for two hours at police headquarters he was taken to the fortress and held without bond.

When Barlow, who is 67, returned here from the United States July 20, it was said he would be deported. Ambassador Ferrera at Washington recommended action to his government, alleging insanity.

Barlow's controversies with the Cuban Government grew out of his claims for Havana property worth about \$9,000,000 he contended he purchased from the heirs of the original beneficiaries of the land grant conveyed under a Spanish royal grant about four centuries ago.

GUN DEMONSTRATION IS FATAL TO TEXAS BOY

McAlester, Okla., Aug. 28.—(A-P)—Demonstrating the army manual of arms with a small gauge shot gun, Nevan Summers, 16, of Memphis, Tenn., last night accidentally killed Eddie Workman, Jr., 9, of Dallas, at a tourist camp south of McAlester. The Workman boy was a grandson of the owner of the park.

GIRL DIES AFTER SHE IS DRUG THROUGH FENCE

Corpus Christi, Texas, Aug. 28.—(A-P)—Marie Elliott, 14-year-old daughter of Mrs. Julia Elliott, died in a hospital today of injuries received 10 days ago when she was dragged through a barb wire fence by a horse at her home near Navarro. Her left leg was nearly severed by the wire.

GIANT BLIMPS SCHEDULED TO MEET TODAY

Cleveland, Ohio, Aug. 28.—(A-P)—Thousands of spectators at the National air races turned from the fleet craft of Army, Navy and derby racers to the larger liners of the skies today as the courses of the two great dirigibles, Graf Zeppelin and Los Angeles, converged above Cleveland airport.

The Los Angeles, largest of the United States Navy's fleet of lighter-than-air craft, was ordered from the base at Lakehurst, N. J., for arrival here in mid-afternoon. The Graf Zeppelin, beating its way eastward on the fourth and last lap of a flight around the world, was expected some time later.

A stub mast erected under the direction of Navy fliers has been built for mooring the Los Angeles at the airport overnight. The Graf, flying on to the end of the cruise at Lakehurst, will await the return of the Los Angeles there tomorrow, when orders of Navy officers call for the ship's return.

A reception outdoing any yet seen at the races was planned for the arrival of the two giant craft. Airplanes of Navy detachments which maneuvered and stunted through the course of three days, as well as bombers, pursuit ships and scout planes of Army air forces here for the races, combined for a greeting to the Los Angeles, with smaller blimps of the Goodyear Tire and Rubber Company, four of them appearing here during the events.

Their preparations for the Graf went further still. All were joined for the celebration, their greetings augmented by plans for a municipal demonstration and an exchange of greetings between air race officials and Commander Hugo Eckener, directing the flight of the Graf.

NEAR WAR DEBT ISSUE SOLUTION

ADHERENCE OF GERMANY IS NEEDED TO MAKE NEW PLAN EFFECTIVE

Paris, Aug. 28.—(A-P)—The correspondent of the Havas Agency at The Hague reparations conference reported today that the five creditor powers had exposed to the German delegates the different points to which Germany's adherence was necessary to make effective complete agreement on the Young plan.

The meeting of the six inviting powers lasted for two hours this morning. The principal points on which German consent was needed were the free disposal of the Dawes plan surplus, the new division of uncollected annuities and the costs of Rhineland occupation after Sept. 1. A meeting of experts was held as soon as the big six conference closed this morning.

HIGHER TARIFF PROPOSAL PROTESTED BY MEXICO

Mexico City, Aug. 28.—(A-P)—The Mexican Government has protested to the State Department at Washington against action of the American House of Representatives in approving higher tariff rates on Mexican tomatoes, cattle and other products, according to an official announcement here.

COTTON GIN MACHINERY RATES FOUND REASONABLE

Washington, Aug. 28.—(A-P)—The Interstate Commerce Commission today found rates on cotton gin machinery in car load lots shipped from Dallas, to Artesia, New Mexico, were not unreasonable. It dismissed a complaint filed by the Artesia Alfalfa Growers Association in July, 1928.

TARIFF REORGANIZATION BY PRESIDENT FAVORED

Washington, Aug. 28.—(A-P)—President Hoover would be given power to reorganize the tariff commission but required to keep it by-partisan under a revision approved by Republican members of the Senate finance committee in the House tariff bill.

HIGHWAY PLANS IN WEST TEXAS FACE HANDICAP

Highway Commission To Be Urged To Exhibit Liberal Attitude in Matter of Voting Aid for Construction Projects Through Section.

San Antonio, Aug. 28.—(A-P)—Small revenue produced by presence of millions of acres of University of Texas non-taxable lands in West Texas offers a serious handicap to highway construction in that section, the new southeast and West Texas association was told today.

Suggestion that the organization take up with the State Highway Commission the matter of relief in this respect was offered by Judge C. E. Casbier of Fort Stockton, County Judge of Pecos County, W. T. Griffith of El Paso, county commissioner, and Tom McClure of Pecos City, Reeves county.

The association should be urged to exhibit a liberal attitude in the matter of voting aid for highway construction through that section. Members of the State Highway Commission, Governor Moody and all employees of the highway department were elected to honorary membership in the association at the final meeting, and a resolution was adopted praising the commissioners and inviting their "understanding and vigorous cooperation."

BUSH QUILTS AS PIRATE LEADER

ACTION IS NOT EXPLAINED BY PRESIDENT, ENS NAMED MANAGER

Pittsburgh, Aug. 28.—(A-P)—Donnie Bush, manager of the Pittsburgh National League baseball club, today tendered his resignation to President Barney Dreyfuss. The owner of the club accepted the resignation without comment.

Dreyfuss named Jewell Ens, a coach, as acting manager.

Asked if Bush gave any reason for resigning, Dreyfuss said: "He resigned. That's all I can tell you."

Shuttle Refuels Over Cleveland, Continues Flight

Cleveland, Ohio, Aug. 28.—(A-P)—The endurance plane Shuttle, making a non-stop endurance flight from Oakland, Calif., was refueled here at noon today, and continued on to New York City. The purpose of the flight is to determine the feasibility of refueling in air for air mail planes, and the Post Office Department is cooperating in the flight with the Boeing Aircraft Company. Capt. Ira Eaker is pilot.

BOARDING HOUSE WOMAN SHOOT ROOMER TO DEATH

Fort Worth, Aug. 28.—(A-P)—Miss Florence Martin, 50, shot and killed V. W. Daley, 40, late last night when she found him in her bed room.

Miss Martin, a boarding house proprietor, told police she feared Daley, a roomer, would attack her. "I had retired for the night when I saw Mr. Daley in my room approaching my bed," she said. "Having had previous trouble with him I got my pistol and fired three times."

KEROSENE FIRE AT HONDO PROVES FATAL TO WOMAN

Hondo, Texas, Aug. 28.—(A-P)—Mrs. Burney Moss, 23, died here today of burns sustained yesterday when a can of kerosene with which she was attempting to start a fire in a stove exploded, saturating her clothing with the burning fluid. She was survived by her husband and two children.

BRITISH TROOPS ENFORCE QUIET IN JERUSALEM

Possibility of Spread of Moslem Disorder To Syria Watched Closely and No Avert Acts of Any Consequence Reported During Day.

(By the Associated Press)

Except for sporadic incidents Jerusalem was quiet today as the steadily increasing British forces took vigorous measures to get the situation in hand.

British troops occupied most of the southern Jewish colonies, but there were still reports of grave conditions in northern Palestine where an advance of Bedouins from Trans-Jordan was rumored.

Possibility of a spread of Moslem disorder to Syria was watched closely, but thus far no over acts of any consequence were reported.

There was an orderly Moslem and Christian demonstration in Beirut, the manifestants displaying no anti-government sentiments.

In Damascus a scuffle broke out between local police and a small group of Arab manifestants. Several persons were wounded but the trouble did not spread.

A great mass meeting will be held in New York City Thursday night at which thousands of men and women of the Jewish faith from many eastern cities will gather in memory of the Jews killed in Palestine.

PHYSICIANS MOVE THEIR OFFICES TO HOSPITAL

Drs. M. J. and W. R. Moore have moved their offices from the former location in the Waggoner National Bank building to the Moore Brothers Hospital, 1033 Marshall Street. The lower floor of the hospital has been remodeled and the physicians' offices now occupy a commodious suite at the front of the building.

The change was made to give better service to hospital patients by making medical attention available at all hours, it was announced.

Wichita Ranch Owner's Wife Makes Statement

"I Suffered From Acute Indigestion But Since Taking Orgatone I Am Entirely Relieved," She Says

"It's the truth, before I had taken one bottle of Orgatone, I began to notice a big change in my condition, and was feeling much better," said Mrs. W. M. Coleman, of 3009 Tenth Street, Wichita Falls, Texas, wife of a well-known ranch owner.

"I have suffered from acute indigestion for about five years, and just couldn't get a medicine that would relieve this trouble. I had gas that formed on my stomach after every meal, and I was very bilious and had severe nervous spells, and at times couldn't rest well at nights. I got so I just didn't feel like eating anything for I knew that I would suffer afterwards, and had to be very careful of what I did manage to force down.

"Orgatone was advertised so highly and so I decided to give it a trial since I began taking it. I eat as since I began taking it. I eat anything now I want, and am not bothered in the least. I'm not bilious or do not have the gaseous condition and am feeling better in every way. Orgatone has certainly done me a world of good and I am glad to give this statement."

Genuine Orgatone is not a so-called secret or patent remedy but a new scientific bile preparation and is sold exclusively in Vernon by the Vernon Drug Store, under the personal direction of a special Orgatone representative.

Bourland, Shipp Leave Vernon on Good Will Tour

A. M. Bourland, president-manager of the West Texas Chamber of Commerce, and Grady Shipp, secretary of the Vernon Chamber of Commerce left yesterday afternoon for a week's good will tour of Southwest Texas. Leaving Stamford this morning, Mr. Bourland and Mr. Shipp were to go to Abilene, Sweetwater, Big Spring, and Midland, at which points they were to confer with heads of the civic bodies. Saturday they will go to El Paso where a conference will be held with J. L. Birney, president of the El Paso Chamber of Commerce, and D. A. Bandeen, secretary of the El Paso chamber. Plans relative to the annual West Texas Chamber of Commerce convention, to be held at El Paso, will be discussed along the route and especially with the El Paso officials.

On the trip, the good will tourists will spend some time with Chambers of Commerce at San Angelo and Brownwood. They will return here next Tuesday.

Big Air Liner--

(Continued from page 1)
der city the remainder of its daylight flying yesterday was over a sparsely settled ranch country. By the time the more densely populated sections were reached, darkness had fallen. In the meantime watchers were scanning the skies over a vast area, hoping to see the ship. It was reported at one time last night that the dirigible would sail by way of Fort Worth, but without announcement this plan was changed to cross Texas over the region just below the cap rock at the foot of the Plains.

ECKENER APPARENTLY HEADING SHIP STRAIGHT FOR CHICAGO

Kansas City, Aug. 28.—(P)—Headed straight for Chicago after passing over Kansas City this morning, the German Graf Zeppelin pursued a northward course across Missouri and was approaching the Mississippi River shortly before noon.

Apparently intent on making up time lost in the rough passage through the southwest mountain country yesterday and last night, Captain Hugo Eckener, commander of the Graf, decided against a crossing of Missouri by way of Jefferson City and St. Louis as originally planned.

It appeared the Graf Zeppelin would fly over the Mississippi River in the vicinity of Keokuk, Ia., and possibly to the north of that city. From the route being followed it was indicated the course across Illinois would be roughly towards Peoria, and thence to Chicago.

GIL DENIES LAURENS' IS TO RETURN TO MEXICO

Mexico City, Aug. 28.—(P)—In an interview with local and foreign newspapermen after coming back from the states of Puebla and Oaxaca where he spent two weeks resting, President Portes Gil said he had given permission for the return to Mexico "of some politicians who were abroad and who did not participate in the latest revolutionary movements," but denied he had consented to the return of Jorge Prieto Laurens, former cooperist leader.

Reports have been published in the local papers to the effect that Prieto Laurens had been given permission to come back from abroad.

Chicago, Aug. 28.—(P)—"The first 100 hours are the hardest," the "Chicago-We Will" endurance plane has passed the most difficult stage of its attempt to establish a new record for sustained flight. At 4:31 o'clock this morning it had completed 113 hours in the air.

The fliers, C. E. Steele and Russell Mossman, after their twenty-sixth refueling contact last night.

Criminal Cases Set for Trial in District Court

Nine criminal cases have been set for trial during this term of the Forty-Sixth District Court here, District Attorney John Myers announced today. Criminal cases will be heard next week and the following week. Court is occupied this week with civil jury cases.

No cases have been set for September 2, Labor Day, and court probably will adjourn for the day. Of chief interest in court circles is the case set for Wednesday, Sept. 4, in which D. P. Bodiford is charged with arson in connection with a fire in his house in West Vernon a few weeks ago.

Cases set are as follows:
State vs. A. H. Hodges, charged with driving while intoxicated, Sept. 3.

State vs. Jim Doss, charged with chicken theft, Sept. 3.

State vs. Lewis Patton, charged with burglary, Sept. 3.

State vs. Richard Washington, negro, charged with possession of intoxicating liquor, Sept. 4.

State vs. H. B. Davis, charged with forgery, Sept. 4.

State vs. D. P. Bodiford, charged with arson, Sept. 4.

State vs. Earl Duke, charged with driving while intoxicated, Sept. 5.

State vs. John Ridgeway, charged with possession of liquor for sale, Sept. 5.

State vs. Sonny Russell, negro, assault with intent to murder, Sept. 11.

State vs. D. P. Bodiford, charged with arson, Sept. 11.

State vs. Earl Duke, charged with driving while intoxicated, Sept. 5.

State vs. John Ridgeway, charged with possession of liquor for sale, Sept. 5.

State vs. Sonny Russell, negro, assault with intent to murder, Sept. 11.

State vs. D. P. Bodiford, charged with arson, Sept. 11.

State vs. Earl Duke, charged with driving while intoxicated, Sept. 5.

State vs. John Ridgeway, charged with possession of liquor for sale, Sept. 5.

Death Checks Off Another Name in Last Man's Club

St. Paul, Minn., Aug. 28.—(P)—Death has checked another name from the membership roll of the Last Man's Club. Today only two members survive.

John Goff, 86, of St. Paul, youngest of the trio who for two years have kept the famous organization of Civil War veterans in existence, died yesterday at the veterans' hospital at Fort Snelling. He was 80 years old.

It was at Stillwater, Minn., July 21, 1885, that 34 members of B Company, First Minnesota Regiment, which fought in the battle of Bull Run, pledged themselves to a comradeship which only death could dissolve.

One by one the ranks were emptied until today only Peter O. Hall, 91, of Atwater, Minn., and Charles Lockwood, 80, of Chamberlain, S. D., remain.

They are expected to attend the funeral of their comrade at Stillwater Friday.

Sinclair Gusher Holding Up Well in Oklahoma Area

Oklahoma City, Aug. 28.—(P)—Producing as much as 505 barrels an hour while on its rampage, Sinclair Oil and Gas number 1 Stamper, in NE SW NW 30-11-2, in South Oklahoma City pool, was holding an average of 400 barrels today. It put 9,065 barrels of oil in the tanks during the last 24 hours. Considerable oil was lost because of insufficient tankage. Flow of the well, previously a light producer, was increased when the hole was deepened to 6,558 feet.

Shell Petroleum's number 1 Petty, in NW corner NE 30-11-2 W which blew in late Monday, was flowing an estimated 350 barrels an hour today and was flooding the pipe lines. Late last night oil was turned on the ground because of lack of tankage.

Resume Work--

(Continued from page 1)
water question will be solved. The lack of pressure that is evidenced here, particularly during the hot summer months, has proved a serious problem and attempts have been made to solve it recently. It was thought that the wells which furnish the city with water were not producing as they should, and L. V. Jensen, an inspecting engineer from the Layne-Texas Water Development Company of Houston, was ordered here to examine the wells last week. His examination revealed that the wells were capable of producing 200 gallons each per minute, and the reason for the lack of pressure was given as inadequate storage space. "Our present wells can furnish a sufficient amount of water to supply the city, but there is no place to store it after it is produced," City Engineer H. L. Coleman stated.

The policy of the new organization was fixed as the "development of highways in south, east and west Texas through cooperation of the highway commission," and membership fees were fixed at \$5 per year. Chambers of commerce and other organizations were urged to subscribe for blocks of memberships.

The next meeting will be held on call of the president, Mayor Walter E. Monteith of Houston.

San Antonio, Aug. 28.—(P)—Evolving a policy and perfecting a plan of finance were undertaken by the Southeast and West Texas Association today following permanent organization.

Mayor W. E. Monteith of Houston and Charles M. Tobin of San Antonio were elected president and secretary, respectively, continuing in the places they had filled since temporary organization at Galveston a number of weeks ago.

Mayor C. M. Chambers of San Antonio, Mayor P. G. Lovensfeld of Corpus Christi, Judge T. B. Smiley of Karnes City, Judge Lee Wallace, of Kerrville and Judge Earl D. Scott of Jourdan were chosen vice presidents.

The association has dedicated itself to the encouragement of highway construction and will lend its efforts especially to improvement of the Old Spanish Trail from Orange to El Paso.

FISHERMAN WINS STIRRING BATTLE WITH SWORDFISH

Avalon, Santa Catalina Island, Calif., Aug. 28.—(P)—The best of a big swordfish, piercing the planking of the fishing launch Chappie, remained here today as evidence of a furious battle between the sea creature and a fisherman, ending in victory for the latter.

The battle started when the fisherman, W. G. Peterson of Los Angeles, hooked the marlin swordfish with a line. Infuriated, the animal lunged at the launch, rammed his spear through the gunwale and up through the deck. The fish gave a lunge which nearly overturned the launch and which broke his sword-like nose off short.

Peterson gaffed the fish with the aid of the launch captain. It weighed 325 pounds.

WOMEN'S WESTERN GOLF QUEEN IS ELIMINATED

Cleveland, Aug. 28.—(P)—The two-year reign of Mrs. Leona Pressler of Los Angeles over women's Western golf was ended today by Mrs. Leona Mida, sharp shooter from Chicago, who eliminated her in the second 18-hole match, 2 and 1.

Mrs. J. D. Still underwent a tonsil operation Tuesday.

LOCAL BRIEFS

Mrs. Arthur D. Colvin and son, Arthur Jr., of Dallas, are visiting her parents, Mr. and Mrs. J. R. Messick.

Mr. and Mrs. R. J. Byars and family returned home yesterday from a visit in Colorado Springs, Colo.

Mr. and Mrs. Luther Webb have returned home from a vacation in Colorado.

Mrs. T. J. Bridges and Mrs. L. V. Hipp are attending the Tillman County Fair in Frederick, Okla., today.

Mrs. Emma Ezell, of Sanger, is visiting in Vernon with her cousin, R. L.

SOCIETY

Miss Ethel Haney of Vernon Is President of Wilbarger-Foard W. M. U. Association at Meeting

Miss Ethel Haney of Vernon, elected president of the Wilbarger-Foard Baptist W. M. U. Association for the new year beginning in September at an annual meeting of the Association held Tuesday at Oklahoma in conjunction with the annual associational meeting in session today. Mrs. H. D. Hayes of Vernon is the retiring president.

Other officers elected at the all-day session were: Mrs. R. G. Hughes, Vernon, corresponding secretary-treasurer; Mrs. Ira Luttrell, Bethel, recording secretary-treasurer; and Mrs. W. N. Martin, Vernon, young people's leader.

Approximately 100 Baptist women from the two counties attended the meeting, 18 of whom represented the Vernon church. An address by the district president, Mrs. J. M. Tanner, of Electra, the president's annual message, and reports from the retiring officers featured the morning session, while the election of officers and reports from standing committees were the principal features of the afternoon session.

The program of the day's meeting was given as follows:

Devotional—Mrs. J. H. Garrett, Vernon.

Welcome—Mrs. Stella Couch, Oklahoma.

Response—Miss Hattie Smith, Bethel.

Report of officers—Corresponding

secretary-treasurer, Mrs. R. M. Fielder, Vernon; historian, Mrs. L. N. Anderson.

Address—"W. M. U. Aim," Mrs. J. M. Tanner, Electra, district president.

"In Memoriam"—Mrs. B. S. Smith, Bethel.

President's annual message—Mrs. H. D. Hayes, Vernon.

Lunch hour.

Business session.

Devotional—Mrs. Daniel, Crowell.

Vocal solo—Mrs. W. W. Anderson, accompanied by Mrs. R. M. Fielder, both of Vernon.

Election of officers.

Report of standing committees—Personal service, Mrs. H. H. Scherer, Fargo; Mission, Mrs. Stella Couch, Oklahoma; Mission study, Mrs. Cecil Davis, Vernon; education, Mrs. K. E. Kennedy, Vernon; and stewardship, Mrs. J. D. Graham, Vernon.

A Margaret fund playlet, "Love Provides"—by members of the Vernon Y. W. A. Each society brought a gift for a box to be packed for the Margaret fund at the close of the playlet.

Reports from local presidents—Mrs. M. E. Brown, Bethel; Mrs. E. A. Dunagan, Crowell; Mrs. Frank McNair, Lockett; Mrs. S. B. Hughes, Mount Zion; Mrs. Stella Couch, Oklahoma; Mrs. R. M. Fielder, Vernon; Mrs. S. S. Gaines, Rock Crossing;

Service "Buds" Await Their Winter Debut

PHOTOS © BACHRACH

Of the yearly crop of Washington debutantes, who count the summer months as important in preparing for the winter debut, the "service set"—daughters of army and navy folk—form a colorful section. Among the service buds who will make their debut next winter are Frances Virginia Waggaman (center), Elizabeth Murray (left) and Mary Henry.

Washington, Aug. 27.—(P)—"Service buds," as debutantes of the army and navy set are known, have no trouble getting plenty of men to their parties, despite the dearth of male escorts which causes a perplexing problem for other social circles.

In Washington, where the ratio of women to men is said to be 16 to 1, eligible men are at a premium. Society hostesses welcome the holiday season when cadets and midshipmen

are in the city. They make the "deb" parties a success.

The "service bud" has none of these worries. She can always count on young captains and lieutenants as partners for her girl guests.

A number of attractive girls of the army and navy set will make their debuts next season. One of the most popular is Miss Mary Henry, daughter of Col. and Mrs. Guy V. Henry. Col. Henry is commandant at Fort

Myer, a cavalry post in Virginia near Washington. Miss Henry is a graduate of the exclusive Holton Arms School. She is an expert horsewoman and rode in the society circus recently.

Miss Frances Virginia Waggaman, daughter of Major and Mrs. Ennals Waggaman, is spending the summer traveling in China prior to her debut December 24 at a grand ball.

Miss Elizabeth Murray, another "service bud," is the daughter of Col. and Mrs. Peter Murray.

Recent Bride Is Honored at Party Given by Club

Mrs. E. M. Rogers Jr., recent bride, who before her marriage was Miss Mildred Robertson, was the guest of honor at a lovely afternoon party and miscellaneous shower given at Hill Crest Country Club Tuesday afternoon by members of the 1929 Bridge Club.

The reception rooms in the clubhouse were fragrant with a profusion of garden flowers artistically arranged in baskets, which formed a delightful setting for a musical program given during the afternoon. Miss Verlena Stringer sang several numbers to her own accompaniment at the piano, and Miss Inell Powell entertained with a piano solo on the program. A dance by Miss Mary Virginia Frierson and several vocal selections by Miss Kathryn Wheatley also formed entertainment on the program.

At the close of the afternoon, little Miss Frierson presented the honoree with a decorated basket containing blue Venetian glassware as a gift from the club. The gifts from the guests were arranged on a table and opened by the bride.

A pink and green color scheme was featured in the appointments and refreshments of the entertainment. The refreshments consisted of ice cream lady slippers and angel food cake.

The guests included the following: Mrs. R. W. Abbott, Mrs. E. M. Rogers, Mrs. Oscar Holman, Mrs. Lo Baume Elliott of San Angelo, Miss Mozelle Parker, Mrs. Ervin Leff, Mrs. Aubrey Lockett, Mrs. Damon Shive, Mrs. Ben Leutwyler, Mrs. Martha Long, Mrs. J. P. Garvey, Mrs. C. A. Bickley, Miss Annie Fern Bickley, Mrs. Earl Bateman, Mrs. Harold Shive, Mrs. E. S. Piper, Mrs. D. D. Jackson, Miss Annabelle Robertson, Mrs. E. P. Robertson, Mrs. Willis Smith, Mrs. Ben Parham, Mrs. L. E. Robertson, Mrs. E. C. Christian, and Mrs. Quade Fain.

The club members who were hostesses of the entertainment were: Miss Sue Hatt, Mrs. James Pace, Miss Catherine Dodson, Miss Iris Young, Miss Elizabeth Hicks, Mrs. Joe Lee Smith, Mrs. D. D. Bourland, Miss Leta Williams, Miss Kathryn Wheatley, Mrs. Hugh Bourland, Miss Kathryn McColloch, Miss Christine Gregory, and the honoree, Mrs. Rogers.

Silk Hose Smart! Low-priced!

Semi-sheer; full-fashioned, with mercerized top and sole.

98c

President

MISS ETHEL HANEY

Mrs. H. H. Scherer, Fargo; and Mrs. Middlebrook, Margaret.

Those attending the meeting from Vernon included: Mrs. J. H. Garrett and her mother, Mrs. Jones, of Conway, Ark.; Mrs. R. M. Fielder, Mrs. Grady Cox, Mrs. J. D. Graham, Mrs. Lola Anderson, Mrs. K. E. Kennedy, Mrs. Albert Jones, Mrs. W. E. Cavness, Mrs. Roy Stine, Mrs. E. D. Vaughn, Mrs. Sam Leak, Mrs. W. B. Howell, Mrs. W. W. Anderson, Mrs. H. D. Hayes, Miss Rosalyn Coleman, Miss Ina White, and Miss Julia Wells.

Paris Insists on Corset for New Tube-Like Waists

Paris, Aug. 27.—(P)—Ranks of the exercise and diet squad will not be thinned by a style maker's decision that normal waistlines are smartest.

On the contrary, it looks as if most of us will have to take a still more rigorous course in calisthenics to qualify with the flat-front, hipless, willowy figure Paris has put on the 1929-30 pedestal.

Even some professional mannequins who look as if they never tasted potatoes or heard of a chocolate sundae are in training to perfect themselves to wear the new, tube-like evening dresses that hug the entire figure to the knees and accentuate every curve.

As first aids in wearing the new, high-waisted, tight-fitting dresses, leading dressmakers insist on the foundation of a good corset that reaches several inches below the waistline and extends more than half way to the knee.

At one important house the rule is, no fittings until the proper corset has been ordered. And it is a stout affair, with bones up the front and back and laces if required.

Stylists who have watched the pendulum swing back and forth predict the early passing of casual ribbon and elastic girdles as the foundation for evening gowns and say that it is only a matter of time until figures take on the chiseled lines lent by whalebone and stout satin.

Al's Favorite Dog Dead
Albany, N. Y., Aug. 28.—(P)—One of Alfred E. Smith's best friends is dead. Big Jeff, Great Dane, was left in Albany until arrangements could be made for him in New York. He died of a leg infection.

Federated Clubs Committee Plans Program for Year

Programs for the new club year, 1929-30, were tentatively outlined and were newly completed for the printing of the new Federation of Women's Clubs year book, at the committee meeting of representatives of the Federated clubs at the home of Mrs. Harry Mason, Federation program chairman, on Paradise Street, Tuesday afternoon.

Each club representative took two subjects during the afternoon to formulate into programs, according to the State Federation's course of study. The committee will complete the year's program outline at another meeting this afternoon at Mrs. Mason's home at 4 o'clock, and the copy will be prepared for publication.

The clubs represented at the meeting were: Home Science, Home Economics, Delphian, Business and Professional Women, and Parent-Teacher Association. Those present were: Mrs. R. H. Nichols, Mrs. Blair Williams, Mrs. Bertha A. Ross, Mrs. W. H. Huggins, Miss Robbie Castlebury, and Mrs. Mason.

Building Permit Issued
J. A. Harrington was granted a building permit to construct a 16 by 32, one-story frame dwelling at 2316 Wichita Street yesterday. The building will cost about \$500.

Eula Mae Lang Entertains Friends with Party Here

Miss Eula Mae Lang entertained a number of friends with a party at her home, 2613 London Street, Monday evening. Various games were played throughout the evening, after which refreshments of lemonade, sandwiches and potato chips were served by the hostess.

Those present were: Miss Hortense Huffman, Miss La Vasta Wharton, Miss Hattie Hays, Miss Fayrene Mayer, Miss Hazel Simmons, Miss Angie Hays, Miss Lois Frost, Miss Lucille Brite, Miss Theresa Gantt, Miss Lucille Simmons, Miss Lois Scott, Patt Gantt, James Reeves, Henry Scott, Paschall Kimbrow, Virgil Smith, A. W. Seale, W. L. Warton, Loyce Ruckman, Artis Jones, Roy Ruckman, Lynn Vaughn, Billie Wharton, Mr. and Mrs. W. L. Wharton, Mr. and Mrs. R. M. Lang and the hostess Miss Lang.

Fargo Club Members and Families to Picnic Friday

Members of the Fargo Community Club will entertain their families with a picnic Friday evening at 6 o'clock in the R. E. Harrell pasture, according to announcement made here today.

Mr. and Mrs. H. W. Norwood and Mr. and Mrs. Lee Probst returned Monday night from a vacation in Colorado and New Mexico.

Modes of the Moment!

Helping the Homemaker

BY MRS. ALEXANDER GEORGE
SUMMER LUNCHEON MENU
Chilled Melon Balls
Chicken Souffle
Buttered Asparagus
Egg Rolls
Tomato and Cucumber Salad
Cheesed Wafer
Frozen Punch
Angel Food Cake
Coffee

Chilled Melon Balls, Serving Eight
2 cups cantaloupe balls
2 cups watermelon balls
2 cups honeydew balls
1-2 cup sugar
1-2 cup grape juice
4 tablespoons lemon juice
1 cup water
Boil for 1 minute the sugar, grape juice, lemon juice and water. Cool and chill. Chill the fruit balls. When ready to serve, arrange the balls in serving cups and add the fruit juices. Garnish with red cherries and mint leaves.

Chicken Souffle, Serving Eight
1-3 cup chicken fat or butter
1-2 cup flour
3 cups milk or chicken stock
1 teaspoon salt
1-4 teaspoon paprika
3 tablespoons chopped pimientos
2 tablespoons chopped cooked green peppers
2 cups diced cooked chicken
3 egg yolks
3 egg whites, stiffly beaten
Melt the chicken fat and add the flour. Blend and add the milk and cook until a thick sauce forms. Stir constantly to prevent scorching. Add the salt, paprika, pimientos, green peppers and chicken. Add the egg yolks and beat for 2 minutes. Fold in the egg whites. Four into greased individual molds or custard cups. Set in a pan of hot water and bake in a slow oven for 30 minutes.

Creamy Sauce
3 tablespoons butter
4 tablespoons flour
2 cups milk
1-2 teaspoon salt
1-4 teaspoon paprika
1-4 teaspoon celery salt
2 eggs, well beaten
Melt the butter and add the flour. Mix and add the milk and cook until a creamy sauce forms. Add the rest of the ingredients. Cook slowly.

Members of Baptist Primary Department Is Entertained

Members of the Primary Department B of the Baptist Sunday School were entertained with a party at Alhambra Park Tuesday evening by the officers and teachers of the department. Games were played by the children during the afternoon, and refreshments of Dixie cups were served. About 18 members of the department and three visitors attended the entertainment.

The officers and teachers included: Mrs. W. B. Howell, superintendent, Miss Pendleton, Miss Nellie Bowden, Miss Gertrude Seales, Miss Faye Clark, Miss Faye Thoben, Miss Mary Alice Parr, Miss Sallie Bell Priest, Mrs. V. N. Priest, Mrs. W. C. Hawkins, and Miss Lucille Stinnett.

FOOD AS A FACTOR IN CRIME

Wrong food, rather than strong drink and inherited criminal tendencies, was named as one of the chief causes for the "down and outer" turning to crime and the girl going wrong in a report issued by a commissioner of the Salvation Army recently. After a survey of industrial and rescue homes and hospitals of the army, the commissioner found that girls go wrong more often would have gone right had some one taught them vitamin and mineral values.

Although most anyone can recognize that the lack of food is likely to cause the individual to turn to crime in order to satisfy the demands of nature, few doubtless have given any consideration to the possibility that the combinations of food may be an important factor in crime. However, once one considers the matter, why shouldn't the matter have a mental and moral effect on us?

We have been quick to realize that strong drink has a degrading effect, but we seem, as a people, to hold the opinion that so long as a person has all he wants to eat, there is no need to give any thought to his nutrition. If any thing we drink can effect us morally and mentally, there seems no reason why what we eat cannot have a similar effect. Food matter is assimilated and taken into the blood stream in the same manner that drinks become a part of us. If drinks can be detrimental, is it reasonable to believe that wrong combinations of any chemical, even when eaten, can have a similar influence?

Reformers have talked much on environment and drink but have practically ignored eating, other than to emphasize the need of the child having plenty. However, malnutrition need not necessarily signify insufficient food, but doubtless often results from wrong combinations. We have been told time and again that the child's life is influenced incalculably by environment and by drink but somehow the impression has been left that food is a negligible factor, as long as the youngster has all he wants to eat. Yet the food that one

assimilates becomes just as much a part of him and his life as do the things he observes, experiences, or drinks.

It is reasonable to believe that we are influenced to a certain extent by everything that becomes a part of us. Parents who guard their children's environment frequently permit them to dictate their own eating habits, without regard to the essentials of a balanced diet. We are a composite of everything that comes into our lives.

A FORCE FOR PROGRESS

Observing the enthusiasm and endeavor of the Wichita Falls Junior Chamber of Commerce, one can hardly help but wonder why a similar organization is not formed here. Of course the junior organization in the neighboring city, handicapped by resources, finances, and lack of experience as it must be, is not accomplishing more than the parent organization, but there can be no argument that it is not getting more publicity. Its members are doing things.

There are any number of aspects that present arguments in favor of a junior chamber of commerce. In the first place, such an organization can be of material benefit to the city. The enthusiasm of young men naturally will find many things to do for the community that otherwise would be left undone.

An organization of this type links the young men closer to the interests of the community, by keeping them thinking and working for the interests of the people as a whole. Interests that otherwise might become increasingly more selfish are focused on the aims of the community as a whole and are broadened as the years pass. This helps to make better and more useful citizens of the young men at the same time that they are striving to make a better city of their community.

It is only a step for common interests in the affairs of a community to civic pride. We may naturally expect the average member of a junior chamber of commerce to have more pride in his city than the average young man of Vernon. The members of the chamber of commerce may very properly feel a personal interest in every community project.

Leadership is developed by a junior organization, functioning with officers elected from the membership, with perhaps the secretary of the parent organization acting in an advisory capacity. The young men are given an opportunity to develop themselves and naturally are given an insight into the affairs of the city that enhances their value as members of the senior chamber of commerce in years to come.

Any city can use the enthusiasm of youth, when it is well directed, and the junior chamber of commerce is a means of directing it properly. After all, cities do not happen, they are built, and every force that is operating for progress is another factor in building a city.

Expert Toe Dancer

New York, Aug. 23.—(AP)—Betty Saunders, 11, while dancing on her toes, turns a back flip and lands on her toes. She is a Philadelphia child who has been studying acrobatics since three years old and her stunt was shown at the convention of the American Society of Teachers of Dancing here.

Doves Parrot Is Lonely

Chicago, Aug. 23.—(AP)—Polly has been pining and Mrs. Charles G. Dawes is coming from London to cheer her up. Polly is a 30-year-old parrot left behind by the Ambassador.

Roaches live in colonies. If you see one you know there are many. Roaches are loathsome vermin. Prophetic breeders. There are medical authorities who declare seventeen different diseases are transmitted by roaches. Roaches must be killed. Spray FLY-TOX into cracks, crevices, around water pipes, faucets and other plumbing. Simple instructions on each bottle (blue label) for killing roaches and ALL household insects. INSIST on FLY-TOX. It is the scientific insecticide developed at Mellon Institute of Industrial Research by Rex Research Fellowship. FLY-TOX is safe, stainless, and has a perfume-like fragrance. Easy to use.—Adv.

SPUDDERS LENGTHEN LEAD BY NOSIN' WAY

By Williams

STAMPED DALLAS STEERS TRAMPLE BUFFS TO HELP IN WIDENING WICHITA MARGIN

(By the Associated Press)

By victimizing the lowly San Antonio Indians, 3 to 2, in their series opener, the Spudders put two games between themselves and the Houston Buffs, but they failed to fend off the relentless climb of the Steers, who remained just three contests behind the leaders.

By way of emphasizing the power of a rush that has given them 10 victories in their last 11 starts and taken them from seventh place to third, the Mavericks cooled off the puncheon Buffs, 4 to 2, to inaugurate their vital series. Vic Fraser, Steer rookie phenom, turned in another of his mound masterpieces in limiting Bailey's club to three hits.

Things rapidly are shaping up for a grand battle down the stretch between the Spuds and Steers. Both finish their schedule at home, while the Buffs, after this week, will be forced to perform before hostile crowds, and they haven't been a road club since this year. The fur promises to fly when the Mavs and Spudders tangle in three games at Dallas September 3 and 4.

Andy Messenger set his former mates down with five blows as the Wichitans jumped aboard the San Antonio gravy train. His wild heave let in two runs in the fifth, but outside of that round he was invincible. Jim Chaplin hurled an eight-hitter for the Tribe and struck out six.

Shreveport clung to fourth position in the torrid second half race by downing the Exporters, 4 to 2, in a first game and then battling them to a deadlock in the nightcap. Defeat in the opener was hard on Lefty Stieby, Exporter rookie, who gave up only

five safeties while his opponent, Tiny Owens, was allowing nine. The Panthers had a field day at the expense of Earl Caldwell, Cub ace, in their opener at Waco, driving him from the hill in the seventh after collecting 16 hits. The score was 9 to 3.

Old-Time Pitcher Ill.

New York, Aug. 28.—(P)—Joseph J. Ginnity, noted as a Giant pitcher 25 years ago, was resting comfortably at Brooklyn Hospital today following a major operation for an intestinal disorder yesterday. Physicians reported a marked turn for the better in the condition of the "iron man," who has been ill for almost a year.

Grove, Bush Set Pace Toward Sizzling Series

Bush, 17 won and two lost; Grove, 18 won and three lost—which means that this pair of prize flippers have had something to do with the big margins standing between the pennant bound Cubs and Athletics and the struggling challengers.

New York, Aug. 24.—(P)—There's always one pitcher on a club that stands out in the long, hard fight pennantward.

This year it is Guy Bush for the Cubs and Lefty Grove for the Athletics. They have contributed heavily to the most exciting pair of pennant "races" in a decade.

Bush stands out because of his stirring pitching performances he has produced in not only leading his club but also the league.

Grove is in the forefront not only because of his won and lost rating but because of his colorful style.

Between the two, Bush and Grove had won 35 games and lost only five on August 20.

Bush topped his club with plenty to spare but was just a jump ahead of Burleigh Grimes for the highest league rating.

Grove had the best pitching percentage of the A's staff but was running second in the league ratings.

Old Tom Zachary was out in front with nine victories and no defeats.

It is somewhat of a new experience for Bush to have the second highest average in the majors. Eighteen months ago he was just another pitcher. First indications of his climb

came in 1928 when Mississippi Guy picked up 15 victories against six defeats. In three other seasons with the Cubs, the 25-year-old right hander pitched 14 ordinary ball. For the three years he won 19 and lost 22, which left him far short of the front ranks.

If that Chicago-Philadelphia world series does materialize, Lefty and Guy will be in there trying for their share of glory and they may make their bids no later than the first day of the championship program.

Lefty has been a 20-game pitcher for two years. That is he reached that mark in 1927 and 1928. The ac-

tual figures show he won 20 and lost 13 in 1927 and won 24 and lost eight in 1928. He at least should approach his 1928 total this season. They were picking him to capture 30 games until an early August slump put the blonde southpaw on the skids.

With six weeks to go Bush versus Grove is the easiest guess and probably the best for the opener.

CUBS THREATEN RECORD MARGIN

NATIONAL LEADERS TRYING TO FINISH TWENTY GAMES AHEAD OF OTHERS

(By the Associated Press)

The Cubs of 1929 are not going to win 115 ball games, but they nevertheless retain a chance to equal or improve upon another feat performed by their illustrious predecessors of 25 years ago. The Cubs of the late Frank Leroy Chance in 1906 not only won 116 victories, but rested 20 games ahead of the runners-up, Giants at the finish. This mark, second only to Pittsburgh's twenty-seven and one-half game victory over New York in 1902, remains in danger before the rush of Joe McCarthy's team.

After cuffing the Reds again yesterday, 4 to 1, as the Pirates curtailed before the Phillies, 7 to 4, the Cubs rested fourteen and one-half games to the good, eager to increase the edge in the five-game series which opens at Pittsburgh today with a doubleheader. No other team in the National League has enjoyed such a lead at this stage of the race since the earlier Cubs of Chance ran wild in 1906; no other team in league has had such an edge at any point along the trail since John McGraw's 1912 champions piled up a large early margin only to see it wither.

George William Pipgras entertained 20,000 Yankee clients and gave Cornelius McGillicuddy an uncomfortable afternoon by holding the Athletics to three hits yesterday as the champions nosed out the leaders, 2 to 0. Pipgras made as if to pitch a no-hit game, allowed no safeties until the eighth when Simmons tripled and Miller singled. Cochrane tripled in the ninth, but died trying for a homer.

Washington and Boston, star eastern performers in the recent western invasion by the pennant clubs of the American League, hacked away at each other for 14 innings, with the Senators finally winning by 5 to 4. Only four games were played.

PEBBLE BEACH COURSE PAR IS BEATEN BY CHICAGOAN

Del Monte, Calif., Aug. 28.—(P)—Amateur golfers practicing over the revamped Pebble Beach course near here had a new course record of 71 to shoot at today, in their preparations for the National Amateur championship starting next Monday. Incidentally that 71 was not made by National Champion Bobby Jones who is here to defend his title. It was shot by John Dawson, Chicago golfer, who was a semi-finalist this year in the British amateur championship. Par for the course is 72. Jones, who was to match shots today with Cyril Tolley, the British amateur champion, Francis Brown, former Hawaiian champion, and Phillips Finlay of Redlands, Calif., former intercollegiate champion, took 73 for his second round of the course yesterday.

Record Classified Ads Bring Results.

Betting Odds in Favor of Singer Whipping Cuban

New York, Aug. 28.—(P)—For perhaps the first time in his American career, Kid Chocolate, Cuban featherweight, will enter the ring for his 12-round bout with Al Singer at the Polo Grounds tomorrow night an underdog in the betting.

Quotations of 8 and 9 to 5 and some of as high as 2 to 1 on Singer have been offered freely in the past week. Indications were these odds would hold good at ring time. Apparently the heavy proportion of Singer money is due to the east side lad's brilliant knockout victory over Andre Routsis of France, featherweight champion. That triumph, coming on the heels of Singer's knock-out defeat at the hands of Ignacio Fernandez, stamped the east sider as a fighter with championship possibilities. The Routsis fight also went far toward dispelling any doubts as to the quality of Singer's courage.

Chocolate and his handlers apparently are doing little or no worrying over the fact that the Cuban will be on the short end of the betting odds. Few opponents have hit Chocolate with a right and that's Singer's most potent weapon. And as for comparative records, the Cuban "Keed" has all the best of it.

Record classified ads bring results.

Big Four Wins 65 Games, Losing Only 10

It's a good thing Grimes, Grove, Bush and Earnshaw are not grouped on one club. The four together had won 65 games and lost but 10 on Aug. 1. It's bad enough to have Grove and Earnshaw on the same club. American league clubs vainly trying to stop the A's will swear to that.

MAJOR LEAGUE LEADERS

HOLLIS VOTES BONDS TO BUILD NEW GYMNASIUM

Hollis, Okla., Aug. 28.—A bond issue of \$20,000 for the erection of a high school gymnasium was passed by the voters here Tuesday, 225 to 101. The gymnasium will be an adjunct of the new high school building now being planned.

NORTH SIDERS PLAY VERNON

FARGO WILL MEET LOCAL NINE ON CITY PARK FIELD THIS AFTERNOON

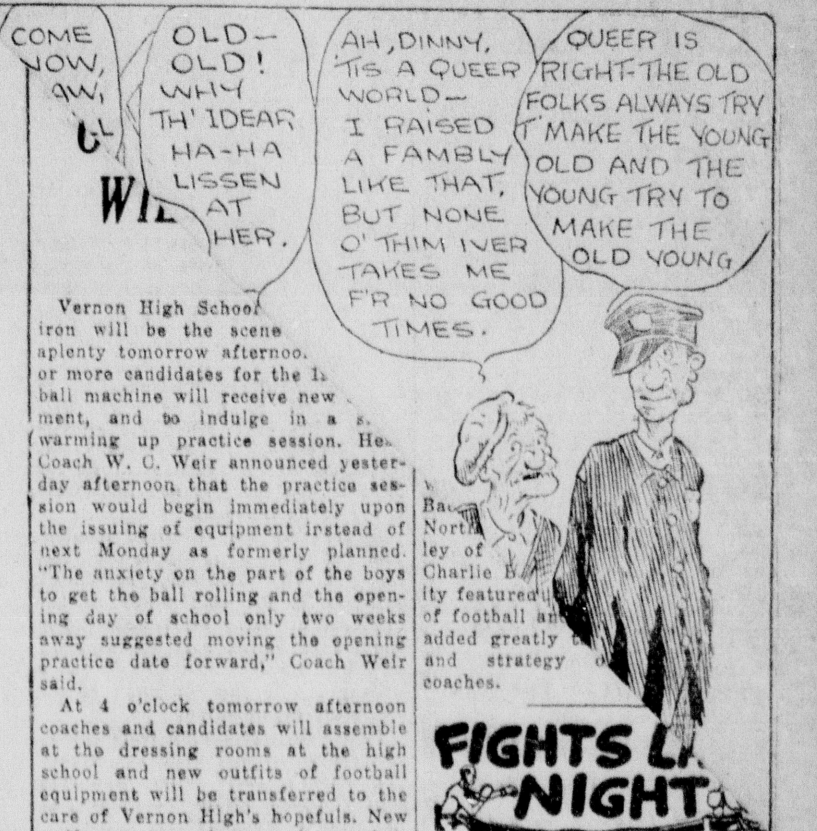

The Vernon baseball team, will meet the Fargo team this afternoon at 5 o'clock on the City Park diamond. It will be the second meeting of the teams on the local field. Last Thursday the Vernon club administered a 9 to 1 defeat to the Fargo crew.

J. K. Lankford will pitch for Vernon, according to Manager W. B. Smith's announcement this morning. Gilbert Bourland will be held in reserve and may see service on the mound before the game is over.

The Vernon lineup for today will be as follows: Rainwater, short stop; Carney, second base; Bob Williams, third base; Shoemaker, left field; Currin, catcher; Sands, center field; Burgess, first base; Bridges, right field; Lankford, pitcher.

Manager Bob Olive may present the following today: Adair, third base; Richards, short stop; Major, catcher; Blue, second base; Wall, first base; Phillips, center field; Coffee, left field; Denison, right field; Dunson, pitcher.

Here's Why "Tiny" Failed as Pilot!

Alas for the aviation ambitions of Bernard West of Los Angeles—he's just too big to be a pilot! After "Tiny" (of course, he would be called that because he weighs 415 pounds!) had finished his ground instruction, he applied for a chance to be a pilot. Block and tackle were used, as shown above, to get him to the pilot's cockpit—but "Tiny" couldn't fit his ponderous into the plane. And so he was turned down.

New Yorkers Realize They Have Big Fight To Settle in Choosing Between Walker and LaGuardia

New York, Aug. 20.—(P)—It gradually is penetrating the inner consciousness of New York's citizens that they have a fight to settle in picking the next occupant of the mayor's chair.

At least the signs by which such things are judged point that way, now that the battle lines for the mayoralty campaign have been drawn. A scrap between a son of Ireland and one whose ancestors hail from Italy should equal in intensity anything

the prize ring develops. And that is exactly what is in the offing.

It's dapper, witty James J. Walker, who wears the colors of Tammany, against Fiorello H. LaGuardia, fighting liberal congressman, in whose veins flows the blood of Italian ancestors.

The mayoralty campaign will be another test of Tammany. It is 12 years since anti-Tammany candidate was successful in overcoming the Tammany organization. John Purroy Mitchel was the last and LaGuardia hopes to be the next.

In securing the unofficial nomination of the Republicans to test strength with Tammany, LaGuardia fulfilled an ambition which he has nurtured for many years. Schooled in the art of battle, both in the army and the political ring, he meets a worthy foe in the champion of the Tammany organization.

Four years ago Jimmy Walker, lawyer, sportsman and politician, gained the mayor's chair after trouncing John F. Hylan, seeking nomination as the official Tammany candidate.

In the four years in which he has drawn his pay check from the city,

CAMERA'S VIEWS OF THE SUMMER WHITE HOUSE

It's amidst these scenes that President Hoover enjoys respite from Washington's summer heat. The "summer White House," the Chief Executive's own cabin in the forested hills at the headwaters of the Rapidian river in Virginia, here is pictured for the first time, at the right. Newspaper correspondents are standing in the foreground. Upper left is the civic center cabin where the President's guests congregate for special entertainments, and marines are shown at work improving the structure. Upper right is the row of guest cabins, covered by tents, where overnight visitors are quartered.

which by the way totals \$25,000 a year, Jimmy Walker probably has become known personally to more people than any of his predecessors.

His wandering feet have carried him to many climes and he has raised welcoming of visitors to a rite. His radiant personality; his quick wit and faultless sartorial splendor enhanced his position in the public eye and gained for him a reputation as a showman with few equals.

Aside from the potential vote getting value of Jimmy Walker as a personality, his supporters have as might be expected "pointed with pride" to what they regard as 40 accomplishments of his administration. Although past history seems to favor the smiling Jimmy, he has a rough road ahead of him in beating LaGuardia.

LaGuardia is the fighting son of a fighting man and grew up in an atmosphere of war in an army camp. He has had a varied career but his forte has been politics. Theodore Roosevelt sent him abroad in the consular service and he came back to study law and become the deputy attorney general of New York state. He became familiar with the city's affairs as president of the board of aldermen and probably has the unequalled distinction of being elected to congress in successive terms as a Republican and a Socialist.

He waited no longer than to register his vote for war before he left his seat in Congress and became a private in the army. He returned at the end of the world war with a major's insignia. After an active career in the aviation corps.

LaGuardia knows the value of drama in politics and with Walker on the other side the race should steal much of the brilliance of Broadway during the pre-election days.

FARM LEADERS IN AGREEMENT

MARKETING CORPORATION TO BE FORMED BY VARIOUS LOCAL ASSOCIATIONS

Chicago, Aug. 28.—(P)—Farm leaders representing the Federal Farm Board and the Northwest Farmers' Co-operatives hoped today to perfect organization plans for the gigantic grain marketing corporation agreed upon at yesterday's closed conference.

A sub-committee of three set up most of last night drafting plans to be submitted today. The committee consisted of C. E. Hough, of Salina, Kan., national president of the Farmers' Union, chairman; S. J. Collington, of Stanhope, Iowa, of the National Farmers' Elevator Grain Company, a co-operative, and John Manly of Enid, Okla., head of the south-west wheat pool.

Ominous clouds of disagreement which overhung the conference Monday between the committee of sixteen, representing the co-operatives, and the four representatives of the Federal Farm Board rolled away at yesterday's meeting, and when the doors to the conference room were thrown open late in the afternoon announcement was made an agreement had been reached.

For a time it had appeared the impasse might not be surmounted. The Federal Farm Board men urged formation of a corporation which would have blotted out the identities of the individual co-operatives, but co-operative leaders insisted upon retaining the individual characters of the smaller organizations.

It was agreed the proposed corporation should be a farmer-owned central marketing and financing organization to sell grain gathered from farmers by individual co-operatives, which should share in the commissions. Application will be made to organize as a co-operative, but if that is impossible a corporation will be formed.

Brief News From the Oil Fields

The Easter Oil Company's A-5 is waiting on cement to set to drill in after encountering sand at 2,332 feet. The well is located in section 26, block 4, H. & T. C. survey.

The Empire Oil Company's A-11 is in a sand at 1,885 feet. It is located in section 32 block 4, H. & T. C. survey. The Company's B-18, located on the same section, is drilling at 2,343 feet in shale.

Fain & McGaha are swabbing W-12. The well swabbed 108 barrels in 24 hours from the sand at 2,309 feet. W-17, in the same section, swabbed 56 barrels in six hours. It has the sand at 2,311 feet.

Staley & Wynne Y-1 is drilling at 2,390 feet in a white sand formation in section 30, block 4, H. & T. C. survey.

Carter No. 2 is drilling in a lime at 2,300 feet. The well is located in section 17, block 4, H. & T. C. survey.

Ferguson No. 1 has been abandoned after picking up a small show from 1,945 to 1,950 feet. It was located in section 36, block 4.

Bradstreet B-2 is in water at 2,110 feet in section 42, M. E. P. & P. survey, and is still drilling.

Lion Oil and Refining Company's wildcat A-1, located in section 28, block 4, H. & T. C. survey, is drilling at 915 feet.

The Hoover Scientific Development Company's No. 1 is fishing for a barrel at 1,900 feet in section 25, block 2, H. & T. C. survey.

The Wich-Tex Oil Company is plugging its No. 1 Schultz in the Thalia area back to the 1,400-foot level after drilling to a total depth of 2,445 feet. The well had a fair showing at 1,300 feet and is expected to make a producer. It is located 140 feet north and west of the southwest corner of the T. A. Johnson survey, in section 44, block 18, H. & T. C. R. R. survey, in Ford County.

Wichitan Given Fine of \$50 for Reckless Driving

J. D. Moore of Wichita Falls was fined \$100 in Justice Court yesterday afternoon when he pleaded guilty to charges of reckless driving. He was arrested last week in connection with an automobile accident here August 16 in which he and Mrs. Lex Ray of Amarillo were seriously injured.

Charges were filed against Moore by County officers August 19 and Moore was transferred from a local hospital to the Wilbarger County jail to await trial. Moore is alleged to have been driving an automobile at a high rate of speed on Wanderers Street, and in an attempt to avoid another car crashed into an embankment. His car was overturned twice. He was held on default of the fine.

AMERICA'S FORESIGHT RELIEVES HER OF ALL GRIEF ON YOUNG PLAN POINT TOUCHING RHINE OCCUPATION

A MEMORY—
YANKS CROSSING
THE MOSELLE RIVER
INTO GERMANY—

OTHER FOILS
FOR WHOM
THE WAR HAS
NOT ENDED—

TYPICAL CONTINGENT OF THE FRENCH
OCCUPYING ARMY—

By KIRKE SIMPSON
(Associated Press Staff Writer)

Washington—As Allied and German conferences have been struggling along in the Young plan discussion at the Hague, America could well sigh with relief at one of the parley's—final evacuation of the Rhineland. Departure of the last United States troops from occupied sections of Germany six years ago marked the lifting of a burden from Washington which has not returned to trouble it. Recent developments in the reparations fuss, with England willing to take her remaining 6,000 Tommies out and France standing pat on keeping her 54,000 there, recalls the sudden withdrawal of the residue of American troops from Coblenz in 1923.

A year before the war department sought permission to bring home Major General Allen's command from Coblenz, the Yankee contingent had dwindled to a third the size of a wartime infantry regiment. The smallest force at present in the region is Belgium's—2,800 men which she, in sympathy with England, has agreed to reduce by evacuating the ten-year zone.

Not since the transport St. Mihiel landed the last thousand regulars from the Rhineland at Savannah, Charleston and New York has Washington had any connection with military sanctions for enforcement of peace treaties terms.

The whittling down of Allen's force was in line with the policy of President Harding and Secretary Hughes to decrease Germany's economic burdens to facilitate a reparations settlement.

France, however, pressed for military occupation of the Ruhr, to compel payments which Germany declared were out side her capacity.

Into this situation Secretary Hughes threw himself. In his famous New Haven speech he pointed the

road ultimately toward the Dawes reparations plan.

January 10, 1923, word came officially to Washington that occupation would be carried through by France. A year earlier the state department had successfully opposed the war department's desire to withdraw Allen's troops on the ground the action might have an adverse influence on the reparations problem in Europe, from which Washington stood rigidly aloof.

French determination to proceed with the occupation changed the whole face of the affairs. After a conference with Hughes and War Secretary Weeks, President Harding announced that orders had gone to Allen for immediate and final evacuation.

Only a handful of American soldiers connected with the graves registration service were to remain. American withdrawal created regret in Paris. French officials felt it would be construed in Berlin as a rebuke to France and stiffen German resistance to French and other allied reparations demands.

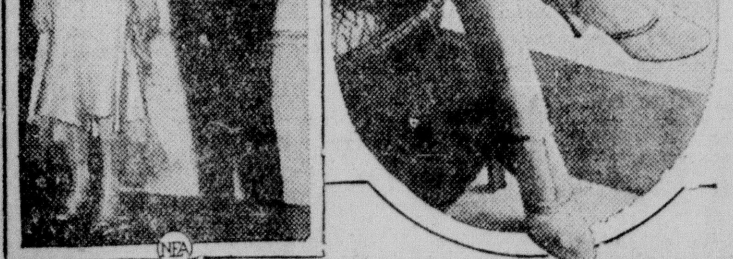

The Washington government was unmoved. It was not to be doubted that the order calculated as a direct expression of American sympathy with French policy.

In England opinion was divided. Some leaders urged that British troops also be recalled; others that they remain, while taking no part in further occupation. The latter counsel prevailed.

For the United States, however, withdrawal of the last men cleared the air. It left American policy free to deal with economic and other non-military aspects of the reparations problem and to press the offer of unofficial aid in solution of that difficulty.

STORE LOOTED OF SECURITIES

**YEGGS GET \$30,000 OR MORE
AFTER BLOWING SAFE AT
COMFORT, TEXAS**

San Antonio, Aug. 28.—(P)—Yeggs men got between \$20,000 and \$40,000 worth of negotiable notes from the safe of B. Holckamp & Son at Comfort, about 50 miles north of here, last night.

The safe was blown open with nitroglycerine, according to Sheriff Edward Bierschwale of Boerne, who notified San Antonio police. Entrance to the store was through a rear door. No one heard the explosion, and the robbery was not discovered until clerks opened the store today.

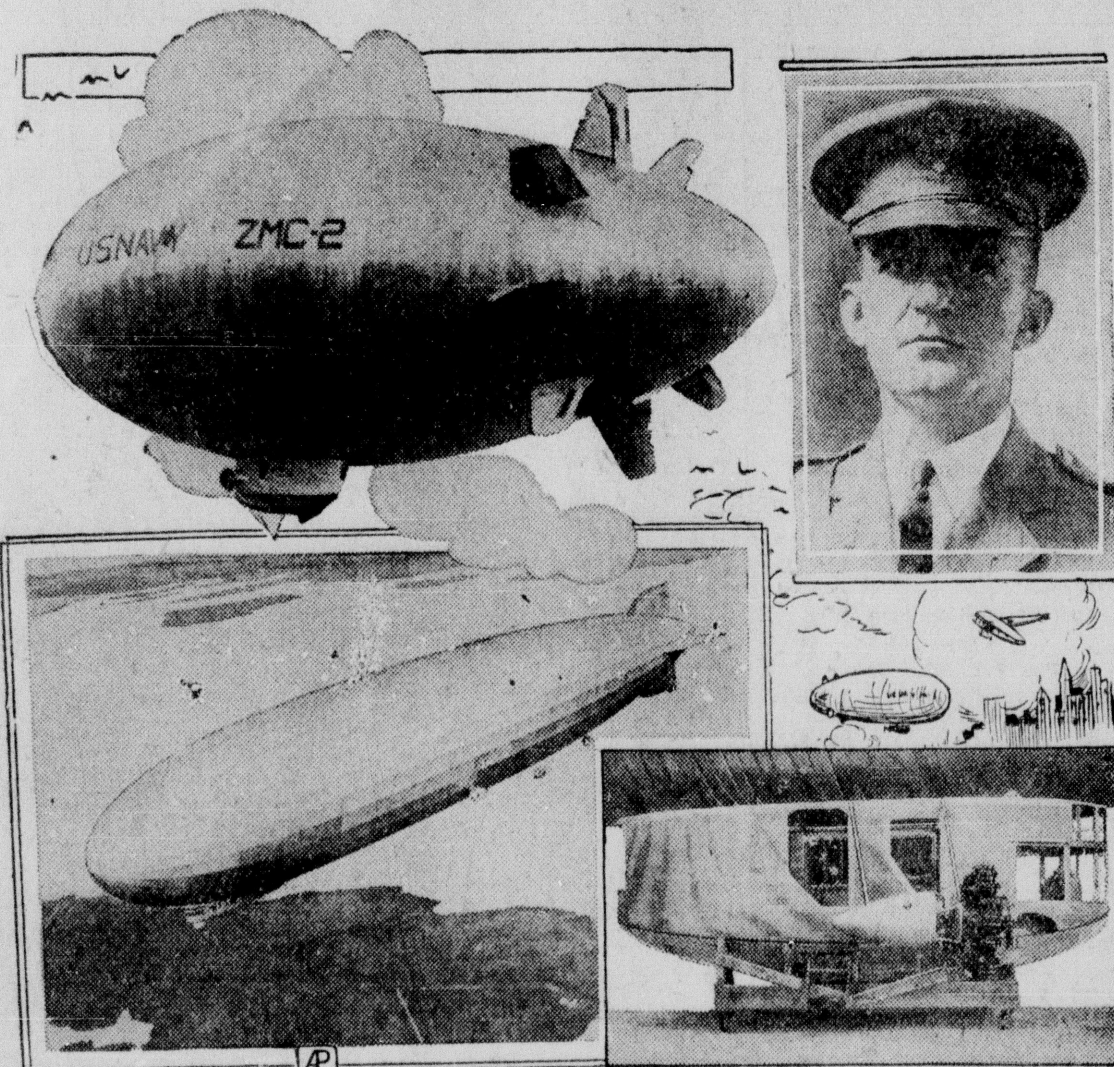

San Antonio officers left for Comfort.

ALTUS JUNIOR COLLEGE SESSION OPENS MONDAY

Altus, Okla., Aug. 28.—Twenty-five students are expected to be enrolled in the Altus Junior College when the school term begins Monday, Sept. 2. This is practically double the enrollment of last year.

Classes in English, Spanish, history, French and college algebra will be offered this year. This is the fifth year that Altus has had a Junior college. The idea was introduced several years ago, but was dropped until four years ago when M. L. Cotton, superintendent of schools, revived the plan and has sponsored the college since then. The Altus Junior College is approved by state universities and higher institutions throughout Oklahoma.

ALL METAL 'FLYING TOMATO CAN' SETS NEW STYLE FOR DIRIGIBLES

The design of the navy's new dirigible ZMC-2 (above) contrasts greatly with that of the Graf Zeppelin (lower left). The control room of the ship is flanked by two Whirlwind motors, one of which is shown at lower right. Capt. W. E. Kepner (upper right), army dirigible pilot, has taken the ZMC-2 on a successful test.

By DAVID J. WILKIE
(Associated Press Correspondent)

Detroit—(P)—The all-metal dirigible ZMC-2 which has been completed here for the United States Navy presents three radical differences from the usual type of rigid balloon as represented by the Graf Zeppelin and the Los Angeles.

Its covering, its shape and its controls are departures in accepted practices of dirigible construction. The navy department and the builders of the ZMC-2 frankly admit it is an experiment craft and its practicability in the present stage of development, engineers admit, is not great. They believe, however, that the successful test flights already made with the craft will make aeronautical history.

Four years in the making, the ZMC-2 has been referred to by scoffers as the "flying tomato can." This somewhat disparaging reference came from the extremely thin metal covering, an alloy of duralumin covered with a sheet of aluminum.

The metal envelope is no thicker than a piece of fine writing paper. Weatherproof and fireproof qualities are claimed for it.

In shape the ZMC-2 presents a stubby, bloated, egg shaped appearance, being 150 feet long and 50 feet wide. The stubby shape was decided upon to eliminate certain dangerous influences of air currents on the more slender type of ship.

Elevator and rudder controls all are in the fins, which project from the hull about 30 feet forward of the stern. This arrangement the engineers say, permits use of the side air currents instead of those that have passed around the ship.

as would be the case if stern control had been utilized.

The craft is powered with two Wright Whirlwind motors of 440 horsepower. Its ordinary cruising range is 680 miles and it is believed it will develop a speed of 60 miles an hour. It has been estimated the ship will carry a crew of three, 200 gallons of oil, 50 gallons of ballast, a radio set and 742 pounds of passengers and cargo.

Congress appropriated \$300,000 for an all-metal ship in 1925 and awarded the contract to the Detroit company. The actual cost of the ship is said to have been about \$1,250,000. Much of this was spent in experimentation before the government order was given.

The ZMC-2 has made a successful test flight under Capt. W. E. Kepner, army dirigible pilot.

4-DAY PROGRAM TUESDAY 4-DAY PROGRAM THURSDAY

Frederick, Okla., Aug. 28.—The Frederick fair opened here Tuesday, the first day of the four-day event being taken up with arrangements of the various exhibits. Preparations were made for entertainment of hundreds of visitors from all parts of Texas and southwestern Oklahoma for the remaining three days. The exhibits by tonight were in place and ready for the real opening Wednesday, which has been set aside as "Wichita Falls' day."

Judging of the exhibits will start Wednesday at 10 a. m. and last probably through the next day. Observers have expressed satisfaction at the representative agricultural, livestock and poultry exhibits which have been

brought here from every part of the county.

Approximately 2,000 people were on the fairgrounds southwest of the city today. Among the attractions Wednesday will be automobile races, which will be held each day of the fair. A carnival got into full swing today, and the shows will be a big feature of the event.

Says Old Men Shouldn't Quit
New York, Aug. 28.—(P)—"Older men should never quit," Henry Ford has told B. C. Forbes. "If all the men over 50 got out of the world there would not be enough experience left to run it." The interview appears in Forbes Magazine.

Lindberghs Plan Flight
New York, Aug. 28.—(P)—Plans for the two Lindberghs to fly to South and Central America on a pleasure and good will tour are described by the New York Times. The Colonel and his bride will start September 20 from Miami, Fla., for Paramaribo, Dutch Guiana, and then continue to Buenos Aires, across the Andes to Chile and up the coast. Then they will visit Mexico City, where their romance began. The plane will be dual control, of course.

Cheese Brings State Fame

The United States produces about 500,000,000 pounds of cheese annually and of this amount the state of Wisconsin manufactures three-fourths. Wisconsin's cheese industry started back in 1845 when a little band of 108 Swiss immigrants settled down in Green county. Since then the industry has grown to the extent that there are now 150 cheese factories and a number of creameries in the 24 square miles of Green county. Ex-President Coolidge is shown here eating a slice of the famed Swiss cheese presented him by a delegation when he vacationed on the Brule river a year ago.
